### 16" Vessel

### Drop-In/Undermount Combination

*Install as either a Drop-In or an Undermount*

**FOR IMMEDIATE RELEASE**

## **JSG OCEANA INTRODUCES *PEBBLE COLLECTION***

**JEANNETTE, PA., March 18, 2010...** JSG *Oceana* is pleased to introduce the *Pebble Collection* to their expanding line of specialty glass lavatory sinks.

JSG *Oceana* first gained recognition with our unique "ocean" pattern displayed in our line of glass Lavatory and Kitchen Sinks. Our new "Pebble" pattern unites our glistening glass with a bubble effect that is eye-catching and offered at a popular price. The "Pebble Collection" is available in our top-selling colorations; Crystal, Crystal Reflections, Champagne Gold, Black Nickel, and Sea Green. The "Pebble Collection's" most significant appeal are the three models available in this design. JSG *Oceana* offers a 16" vessel to meet the customer's demands, but we have taken it one step further by developing an innovative Undermount/Drop-In combination lavatory sink. This unique model design enables customers to choose either an under counter installation or a self-rimming installation. The customized rim, gives a finished look if installed as a Drop-In or can be installed to sit flush with the granite as an undermount.

JSG *Oceana* Glass is "Hard Roc Glass," a unique formulation of borosilicate glass created by Jeannette Specialty Glass for *Oceana* and makes all of our glass bathroom sinks easy to clean and resistant to stains, scratches, and thermal shock. JSG *Oceana* Glass is nonporous making it very hygienic, while our IAPMO seal of approval conveys the quality of industry standards we achieve every day.

JSG *Oceana*, where beauty meets everyday life.
