JSG *OCEANA* INTRODUCES THE SEMI-CIRCULAR VANITY

JEANNETTE, PA., February 11, 2008... JSG *Oceana* is pleased to introduce the Semi-Circular Vanity to the JSG *Oceana* Bathroom Vanity Collection.

Our new Semi-Circular Vanity portrays a look of traditional beauty and elegant appeal when added to the setting of any bathroom décor. Built of solid birch and finished with natural cherry wood and detailed carvings, our Semi-Circular Vanity creates a look of prestige while maintaining the functionality of a bathroom vanity. Standing 36 inches tall and 36 inches wide, our new vanity creates optimum height for greater comfort, in addition to fully adjustable leg-levelers to counter uneven floors. Two hand-carved solid birch cabinet doors, with fully adjustable "Euro" style hinges, create storage space for all of your bathroom accessories, while the granite countertop makes effortless care and cleaning possible.

This magnificent vanity, complete with a matching mirror and signature JSG *Oceana* lavatory sink, becomes the focal point in an array of bathroom fixtures. Designed to compliment the beauty and lustrous colors of our scratch, stain and thermal shock resistant lavatory sinks, our JSG *Oceana* Semi-Circular Vanity will bring an enduring style and elegance to your bathroom installation.

JSG Oceana, where beauty meets everyday life.
