JSG *OCEANA* RE-INTRODUCES *OCEANA* GLASS VESSELS

JEANNETTE, PA., September 5, 2008... JSG *Oceana* is pleased to re-introduce their *Oceana* Glass Vessels during the Fall Market to re-acquaint the Kitchen & Bath industry with their magnificent beauty, unique ocean-pattern design, and versatile qualities.

JSG *Oceana* first gained recognition with our unique patterns and designer *Oceana* Glass Vessel Sinks. Available in a variety of lustrous colors and styles, our distinct *Oceana* glass pattern creates a 3-dimensional design mimicking the natural elegance of ocean waves. Available in four sizes; 12" and 17" with a flat rim, or 15" and 16" with a smooth-flowing rim, these vessels conveniently fit into any bathroom or bar setting. With coordinating tile to accent your living space, JSG *Oceana's* Glass Vessels become the centerpiece of the room with its flawless design and exclusive style. Vessel-mounted atop one of our stylish vanities or pedestals, our *Oceana* Glass Vessels become a focus for light and reflection.

JSG *Oceana* Glass is "Hard Roc Glass," a unique formulation of borosilicate glass created by Jeannette Specialty Glass for *Oceana* and makes all of our glass bathroom sinks easy to clean and resistant to stains, scratches, and thermal shock. JSG *Oceana* Glass is nonporous making it very hygienic, while our IAPMO seal of approval conveys the quality of industry standards we achieve every day.

JSG *Oceana* Glass Vessels are a designer's dream. The lavatory sink is no longer an afterthought, but instead the showpiece to which the entire room is created around.

JSG *Oceana*, where beauty meets everyday life.
